The History position will be temporary, but we will be hiring for a permanent English position

Flora Russ will not be working with CPA at all next year.

We will need to find someone to teach the BEST class – possibly counselor

Technology Update: H202 will be turned into two rooms, we will lose our computer lab and the computers will be spread among the teachers different rooms. We will get another laptop cart.

Annie is on the rooms committee

We will begin a Technology Support Internship within CPA=

WE WILL NEED HELP TO RECONFIGURE ALL THE COMPUTERS THE LAST WEEK OF SUMMER

Financial Situation:

School yaping for AP Augmentation and small class sizes in math.

We are looking at raising money through the development group.

Student:

CPA Organized party tentatively set for May but still need space and a DJ

CPA Senior celebration coming up

Senioritis is a problem

Student life is too rowdy and disrespectful. We want parents in the classroom. It's very high stress

Parents:

Concern around what was going on at BHS the previous week (ICE and gun scare)

Parents want to help but it's very difficult to get off work to chaperone, volunteer etc.

WHAT DID THE LEADERSHIP COUNCIL ACCOMPLISH THIS YEAR?

Revamped our Achievement Goal - we were off to a slow start but got a lot of work done once we got started.

Shared Staff Reports as to what's working and what's not.

Set the first 2008/2009 leadership council meeting for 8/19/08 from 5:00 to 7:00 PM
